**DISCLAIMER**

**PURSUANT TO SECTION 41-1-110 OF THE CODE OF LAWS OF SC, AS AMENDED, THE LANGUAGE USED IN THIS DOCUMENT DOES NOT CREATE AN EMPLOYMENT CONTRACT BETWEEN THE EMPLOYEE AND THE AGENCY.**

Crisis management procedures are maintained in the Aiken Technical College Emergency Operations Plan.

The Emergency Operations Plan (EOP) of Aiken Technical College (ATC) is dedicated to providing a safe environment for all faculty, staff, students, and visitors. The EOP is designed to identify operating procedures and practices that will protect lives and property, provide organized and safe response actions, and effectively use ATC's resources in the event of a major emergency and/or disaster.

The EOP for ATC is not all-inclusive and contains only general guidelines. These guidelines are intended to provide a clear understanding of ATC's Emergency Operations response procedures. It covers individual and team functions, protocol, and organizational structure in an emergency situation.

The EOP is located on the College website. The EOP will be reviewed annually and revised as needed.
