Act 1268 of the Code of Laws of South Carolina, 1972, as amended by Act 654 (H3663 of 1976), establishes the legal basis for the operation of the State Technical College System. This ordinance gives the State Board for Technical and Comprehensive Education authority to coordinate planning, academic, financial, and personnel actions throughout the system.

S.C. Code of Laws 21-1099.11 through 21-1099.15 (1962) provides for an area commission to govern Aiken Technical College in compliance with State laws and State-level policies and procedures promulgated by the State Board for Technical and Comprehensive Education.

Policies developed to carry out the responsibilities delegated to the Area Commission are promulgated after approval by the commission in numbered documents in a format similar to this document. In addition, authority is delegated by the Commission to the President of Aiken Technical College to issue policy guidelines of State laws and State Board and Area Commission policies. Policy documents issued by the Area Commission and the President have the force of law. The policies and procedures of the College shall be maintained by the Human Resources Division. Procedures for managing the College's policies shall be developed that are effective and efficient.
