

PHARMACY TECHNICIAN PROGRAM MISSION

The program's mission is to provide comprehensive, quality training for the students which will lead to a technical certificate of completion. The Pharmacy Technician Program provides educational and clinical opportunities for a diverse student population that foster responsibility for accuracy and a high level of integrity. The attainment of professional standards, along with the development of communication skills and promotion of cultural sensitivity will form the basis for the practice of the pharmacy technician. Graduates of this program will enter the workforce with entry-level skills that can be utilized in a variety of health-care settings. Ongoing assessment of student learning for the purpose of improvement is a high priority in this program.
