## TAP - SAVINGS

Technical Advanced Placement (TAP) is an educational opportunity for high school students to get ahead in their college education and save money while doing it! Students in the high school classes offered by the Aiken County Career & Technology Center listed below can receive college credit when they become a student at Aiken Technical College. The course equivalencies below are subject to change at any time. The total savings is based on the S.C. resident (Aiken County) tuition and fee schedule as of fall 2017.
